4.0 Public Input

Melissa Walton reported to Council that members of the community had brought forward their concerns over the icy and slick condition of “Devil’s Hill”. It had been suggested that maybe the county would be willing to sand the hill but the road is not a county road. Robert Davis stated if a pile of gravel was put at the top by the telephone pole and another put at the bottom at the corner then they could throw out a shovel full intermittently to help with traction. This had been done in years past.

Dan Shoun asked council if the suggestion of a fee added to the water/sewer bills for vector control had gotten anywhere. Council stated that the fee hadn’t been discussed further, there had been a few comments received from community members but not many, mostly favorable but asking when and how much. Mayor Blair stated we are still looking for someone to take over the position of vector control this spring.

5.0 Old Business

6.0 Old Business

6.1 Lake County Community Service Jake Greer, Community Justice Director, and Pat Moss, Crew Supervisor, both working for the Lake County Community Corrections, along with Steve Brown, Supervisor for the Warner Creek Correctional Facility, visited with Council concerning projects community service workers had finished along with projects they

still have slated to do. Here in Paisley, the crews have stained the deck at the Library, they've done yard work all through-out town, they are planning on pulling down the old bell tower, helping with burning at the lagoon along with several other projects. One large project they coordinate is the firewood for seniors in Lake County. The Correctional Facility has a large bunch of wood that has been donated to them. After inmates have gone through training, they cut it down to size and stack it at the facility. The Community Service Crew will then come and load it then deliver it through-out Lake County to seniors in need.

6.2 Mosquito Festival 2016 Melissa Walton reported to Council she has received several calls concerning dates for this year's Mosquito Festival. There has been some concern amongst community members that there wouldn't be a Festival this year. After discussion Mayor Blair asked the Recorder to post notices around town and to include a notice in the water/sewer bill stating Council needs to know the community's feelings on the Festival and we need someone who is willing to chair the event. There will be an organizational meeting on February 3rd.
