- 3.0 Business**
- 3.1 Travis Way, Water Superintendent** Travis stated everything is going normally. Craig stated the frost free at the cemetery did have a loose screw and is no longer leaking.
- 3.2 Gary Clark, Property Acquisition** Tabled
- 3.3 Kristine Funk, Electrical Permit** Tabled
- 3.4 Rodeo Grounds, Pump** Melissa had received bills totally \$2,385. Matt Withers said the \$811.42 bill had been doubled and the correct total was \$1611.42. He had talked to Bob Elder and the Lake County Water Master concerning the ownership of the well. He was told that the drilling of the well had been a donation to the City many years ago and there are no well logs available. Matt said there will be some people coming out to run a camera down the drill hole to see if it has run dry like he suspects or if there is an issue with the walls, which had happened once before in the 80's. Either way the City will not be able to drill any deeper or clean the drill hole if there is an issue. The Paisley Rodeo Club is offering to pay the cost of using the camera, \$350.00, and the remainder of the first bill if the City is able to pay the first \$1000.00. **Travis Way moved, Ruth Robinson 2<sup>nd</sup>, to pay \$1000.00 on the bill from Phil Idie with the PRC paying the remaining amount due, MCU.**
- 3.5 PYRA; Grant Opportunity** Kelli Gebauer joined the meeting via phone to discuss a grant that PYRA would like to apply for in collaboration with Paisley Rodeo Club, City of Paisley and Paisley 4-H. The grant is titled Home Town Rejuvenation and is sponsored by T Mobile and other large companies. They are giving out \$5 million dollars this coming fiscal year. PYRA is applying for \$50,000. They would like to use this money to revamp the arena, adding a track on the north end, cement, bark or grass for vendors and audience, overnight pens, and to drill a new well if necessary. Matt said a new well will cost about \$10,000. The projects are required to be shovel ready. PRC and PYRA are meeting to beginning the planning on October 11th. They will also make a video showcasing Paisley, its history, families and what the arena could mean to

the community. They are asking for support from the City. They will list the City as a partner and will send everything to Council for approval once they have the plan set.

- 3.6 Fire Department; Heat** Dustin Withers joined the meeting via phone and asked to get the heat reconnected at the Fire Hall. The trucks require the heat so that the water in them does not freeze. Without the heat they will have to be emptied and if/when they are called to a structure fire they will have to be filled prior to being able to respond. At one time the City had been told it would cost around \$1000 to get the heat piped back into the building. They are going to get a quote from Ed Staubs.
- 3.7 Cameras** Melissa pulled some information from the internet on different wireless cameras for the community center. She asked that Council Members review them and decide if they wanted to spend the \$767 to get the existing cameras set up outside or buy four completely wireless cameras at \$50-\$80 each for outside and use the existing cameras inside or sell them. Craig informed Council that T Net has been set up at City Hall.
- 3.8 Nicole Vickerman, Building Permit** Travis Way moved, Toni Bailie 2<sup>nd</sup>, to approve the building permit for the changes needed for a salon that Nicole Vickerman is putting in the “garage” of her home at 1142 Marshview. She had already been granted a conditional use permit for the business in June, MCU.
- 3.9 Mayor’s Review** Craig pointed out the lines have been painted on Mill Street. The lines for Green and Blue Streets will not be painted until next year or the year after.
